

# 40 YEARS THE SUMMER SCOOP

1976–2016

Summer CITIZENS  
Logan, Utah

April 2016

## The Talk Around Town

There are lots of things that always seem to be happening around campus these days. With the end of the spring semester just around the corner, seniors are getting anxious about graduation, incoming freshman are announcing their acceptances at Utah State, & everyone else in-between is ready to push through finals week and get their summer adventures underway—much like you might be!

A big change has been announced at the University. USU's President, Stan L. Albrecht, recently announced that he will be retiring. He has been with the University for 11 years, and announced in a personal email to faculty and staff, that "The journey has been a truly remarkable one. While I will miss the opportunity that has been mine to lead this very special place, I will also look forward to the satisfaction that will come in watching it's successes under new leadership."

You can learn more about his announcement, [here](#).

"The variety of course offerings, the cultural opportunities in Logan, and the many scenic places to visit have made it a stimulating and rewarding environment."

# Opening of Huntsman Hall

Utah State University is proud to announce the completion of Huntsman Hall — The new addition to the business building on campus.

On March 17, 2016, Jon M. Huntsman was present to do the honor of cutting the ribbon opening the now-functional hall of the business school. This building adds 20 new classrooms, 21 new study rooms, state-of-the-art technology, new offices, conference rooms, and also, a new café.

Many returning Summer Citizens have probably seen this beautiful building under construction during past summers. The groundbreaking for this project took place in the Fall of 2013. We have all been anxiously awaiting its exciting completion ever since.

Be sure to take note of this beautiful building located right next to our conference center when you arrive this summer!

## Historical Salt Lake City

We are hosting an exciting tour this summer to highlight some of Salt Lake City's historical past. The event includes a guided tour of the beautiful Utah State Capitol building and surrounding complex, highlighting the building's unique structure, breathtaking marble design, gorgeous rotunda, and offices for state leaders like the governor. In 2004, the State Capitol began renovation and following its completion in 2008 saw thousands of visitors. We'll enjoy a catered lunch by Chartwell Catering who also serves meals for all the legislators. Also

included is a guided tour of the fabulous McCune Mansion, built in the early 1900's for the luxurious living of the McCune family. This spectacular home features world-class period architecture with workmanship among the grandest of early 20th-century homes in all America. Our tour concludes with a guided tour of the Salt Lake City/County Building constructed

in 1890 in gothic style and as a tribute to Utah's farmers and miners. Adventurous tourists have the option of climbing the clock tower stairs for a grand view of the valley. Sign up today so that you don't miss out on this unforgettable learning experience! You'll love this city with it's rich history and culture.
