

40 YEARS THE SUMMER SCOOP

Summer CITIZENS
Logan, Utah

September 2016

Thank You!

Just wanted to extend a special thank you to all who participated in the 2016 Summer Citizens Program. This 40th Anniversary was a celebration to remember! We had a record high for the program of new participants who had never been to Logan before! Thanks to all of you who continue to spread the word in your home communities of the fun and adventurous summers you enjoy.

Some other firsts for the 40th Anniversary included this newsletter, which has received great feedback. We look forward to continuing this service. We love for you to stay in the know of what goes on during your summer season.

The program is always searching for ways to grow and improve, and we have already put our brains in gear in planning the 2017 summer program. There are exciting things ahead!

Thanks again for your support and participation! You are missed.

-The Summer Citizen Staff

"The Summer Citizen Program in Logan has become something that I bragged about and anxiously await each year. There is something for everyone to pursue and adventures around every corner. I look forward to coming back third year in 2017."

End of Summer Luncheon

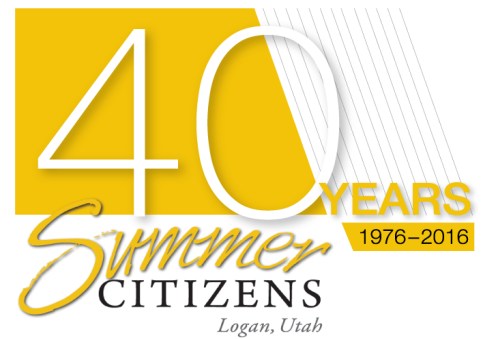

There was a great turnout at our End of Summer Luncheon! It was great to see new summer friends!

The food from the USU Catering was delicious! Especially the desserts!

The crowd was having so much fun with the entertainment from Billy Joel and the Caterers. (Hard to believe he was lip syncing, huh?)

It's always fun to pick out of Summer Citizen T-Shirts in the crowds. Thanks to all those who registered online and received the free t-shirt!

"Since 2016 was our first year participating in the Summer Citizens program we did not set our expectations too high to avoid any let down. Within the first week after arriving we were "blown away" by the friendliness of the USU staff, local citizens, business etc. What a fun & culturally uplifting this summer has been, we are excited to find out how the 2017 program can expand our 2016 experiences, on a scale of 1-10 we are sure it will be a 11."
