

## Thoughts of Summer 2017

We had an amazing experience with the Summer Citizens who spent all or part of their summer with us in Logan this year! In this newsletter we hope to recapture a few of these memories for you.

There was impressive growth in the Summer Citizens program enrollment in 2017. Thanks to our program alumni for sharing their summer experiences and memories with friends and neighbors.

September is the month we begin planning all the 2018 summer events, courses at Utah State University, guided bus tour travel adventures, and of course our recruiting trip visit to your communities to announce what will be offered in the 2018 program.

Many thanks to everyone that supports this program in behalf of the Summer Citizen Program staff, Utah State University service providers, and city of Logan business partners!

"My husband and I spent our second summer in Logan this year and our love for your fair city continues to grow. The Summer Citizens Program Coordinators make sure that our wants and needs are not only taken care of but in most cases anticipated.
