

March 2018

# *Happy March!*

Spring hasn't sprung in Logan, quite yet. In fact, Logan seems to have just caught word that it's Winter. We've finally gotten some snow in our beautiful city, which makes everything plenty cold, but at least we're getting some moisture. Don't worry, though. Temperatures will warm up by the time you get to Logan for your fun-filled Summer!

We're glad to see that many of you have already registered for the program. Those of you who haven't registered yet, there is still time, but hurry because some classes have limited enrollment. Prices for registration increase after April 25<sup>th</sup>, so register soon.

Housing is also filling up quickly, so secure your spot if you haven't already! If you're on a waiting list, watch for potential updates as the summer gets closer. Plans can change and spots will become available in different housing complexes.

We hope that you each have a lucky month and avoid the leprechauns wanting to steal your gold! We can't wait to see you all in a few months! Get ready for a summer full of new friends, new experiences, and wonderful memories!

# Meet some of our new instructors!

**Rick Ernst** is technologically advanced. Wearing a Fitbit, he has tracked every step and monitored his sleep since 2014. He has a love/hate relationship with Fitbit devices: he loves them when they perform as advertised, and hates them when they fail to sync or recharge. He has purchased virtually all current Apple products and figured out how to use them all. However, he stubbornly resists HomePod and Apple Watch. After paying Cox Cable \$432 rent for a modem/wifi, he successfully installed his own modem/wifi system. He loves NPR podcasts and watches Netflix movies, both on Blu-Ray discs and streamed. While driving, he avoids collisions by using Subaru's Eyesight. Joan and Rick have experienced twelve Road Scholar trips. Of course, Rick orders all kinds of "stuff" from Amazon. **He will be teaching 3 classes: Understanding Money, Banking, and Finance; Smuggler Nation, How Illicit Trade Made America; and Un Spun, Finding Facts in a World of Disinformation.**

**Melissa Maughan** is a Staff Assistant in Utah State University's History department. She is a Logan native and has been involved in the community through organizations such as Four Paws and the Utah River Council. Melissa is also a CERT volunteer and a USU Ally. She graduated with a BA in History from USU in 2013, specializing in US History 1900-1945 with an emphasis in Japanese Internment. She has an MA in English from USU, specializing in rhetoric. She has a special interest in wartime and classic literature, both fiction and nonfiction. **She will be teaching two classes: Hemingway's War, and Japanese Internment in WWII.**

# Thank you!

We want to give a very heartfelt thank you to all the wonderful Summer Citizens we saw in Arizona in February. It was so wonderful to see familiar faces and meet new people! We love our time in Arizona every year and you helped us feel right at home. Thank you for ordering the warm weather, by the way, we sure missed it when we got back to Utah!

If you have any further questions about the program, classes, or anything in regard to Summer Citizens, please contact us, we'd love to answer any of your questions and talk to you!

"We have enjoyed taking classes, going on tours, meeting people from all over the country, and taking advantage of all that the University and Logan have to offer.

~Summer Citizen
