

THE Summer Sc p

April 2019

Hello Spring!

We are very grateful that winter seems to be over (fingers crossed) and Logan has moved on to spring showers. We cannot wait for May flowers and sunshine! We are very proud of the Aggie Basketball team who won the Mountain West Championship. Sadly, they lost in the first round of March Madness against the Washington Huskies. We are still thrilled with the phenomenal season the Aggies had.

Important reminder that online registration closes April 25th. After this date all the prices increase by \$10 and you must register over the phone or in person. If you register after April 25th you will not receive a Summer Citizens 2019 T-shirt. If you are living in Summer Citizen Program sponsored housing you must register with the program online, by phone, or in person to be issued/or activate your Summer Citizen ID card.

Take a look at the Announcements on page 3 in this newsletter to make sure you know all the fun things going on this summer. You still have time to sign up for some of our awesome tours. Check out page 5 for more info on tours. Page 7 has information on a cool new course that is being offered this summer!

where
flowers
bloom,
so does
hope.

SPOTLIGHT of Instructors!

Haley Hayes will be teaching the Chair Yoga class (Course #102) this summer. Haley loves using a chair in her yoga classes because it makes it possible to modify the poses to the student's ability. It is helpful for individuals that have difficulty getting down or up from the floor and it also makes it safe to work on standing balance poses.

Haley recently completed her masters researching the effects yoga has on balance and cognition in an older adult population. Yoga has been shown to improve balance, cognition, mobility and mood. All key factors in maintaining an active and independent lifestyle as one ages.

Haley is a yoga instructor for the Yoga Studies minor at USU and for the Employee Wellness program. She also teaches privately specializing in yoga for individuals that have limited mobility due to injury, neurodegenerative disorders or advanced age.

Professor Jack Peradotto received his bachelor's degree in philosophy and his master's in Greek and Latin from St. Louis University, and his doctorate in classics from Northwestern University. He was a fellow of Harvard University's Center for Hellenic Studies. His teaching career includes stints at Western Washington University, Georgetown University, the University of Texas at Austin, and the University at Buffalo.

He is the author of *Classical Mythology: An Annotated Bibliographical Survey* (1973) and *Man in the Middle Voice: Name and Narration in the Odyssey* (1990), as well as articles and reviews on Greek myth, epic and tragedy.

An avid runner in his younger years, he competed in 25 marathons, including 9 trips to Boston Marathon.

He lives in Oro Valley, Arizona, with his wife, Marlene, where they hike the Santa Catalina Mountains. He teaches courses on classical culture in a local branch of the Institute for Learning in Retirement.

This summer Jack is teaching Making Sense of Mythology (Course #149).

Tours!

Course #159 – The Best of AMAZING Brigham City

Tuesday, July 9

8:30am -3:00pm

NEW Course Being Offered:

Course 166 —Drone Camp 2019

Go to the following link for more information on the course:

<https://summercitizens.usu.edu/schedule/CourseDetails.cfm?cid=579&info>

Only 24 Spots Available. If you have already registered and want to add this class, please call (435)797-2028, or register online if you haven't registered for the Summer Citizens Program to date.

This Course will be taught by Shawn "BW" Barstow who is an adjunct instructor in the School of Applied Sciences, Technology and Education.

Everyone will build a fixed wing aircraft, assembled in small groups, that they will take with them. Everyone will have the opportunity to fly a quad copter. This introductory course will give the basics on how to fly, take some pictures, and video with a drone! Drone kit fees are included in the \$85.00 registration fee.
