

THE

# Summer Scoop

July 2019

Summer is in full swing, and we love having you all here in Logan! There are so many exciting events going on, so check out of website's Calendar of Events and Announcements pages to stay updated!

Our Mid-summer Orientation will be Tuesday, July 2nd at 2:00 pm in the TSC Ballroom. There will be helpful program information, especially if you missed the opening orientation in May. We will also be discussing information about our upcoming Sponsored Apartments Open House. We are excited to see you all there!

Logan and the surrounding area always have exciting celebrations throughout the month of July, and we hope each of you can find a fun way to celebrate!

“The Summer Citizens Program is ‘summer camp’ for adults!”

-Summer Citizen 2018

“Fabulous program, fabulous town, and fabulous people!!”

-Jan (Summer Citizen 2018)

Please visit us in the Summer Citizens Office for Check-In, questions, or to register for any other classes. Our office is open 8:00 am—5:00 pm, Monday through Friday. We are located in the basement of the Eccles Conference Center, room 103.

The Summer Citizens office will be closed on the following dates:

Thursday, July 4th

Wednesday, July 10th

Wednesday, July 24th

Click [HERE](#) for the map where you can park on campus.

The Sportsman  
Cox Honey Co.  
Kind Hair & Hair Majesty

For more information about upcoming events and activities, be sure to check our Calendar of Events page [HERE](#) and our Announcements page [HERE](#).

# MEET OUR INSTRUCTORS:

## ZANE STEPHENS— COURSE 133 (PAST) COURSE 137 (JULY 1–5 10:30 AM)

Zane Stephens was born in Logan, Utah and has lived all over the U.S. and even at times in other countries. He was raised in Spokane, Washington but also lived in Tucson, Arizona and Los Angeles growing up, as his father moved the family regularly. Zane decided to head back to his roots and achieved a bachelor's of Science degree in Journalism from Utah State Univeristy. He continued with a Master's of Science in Communication and Meteorology.

While at USU, Zane wondered why it was so cold in Cache Valley in the winter time. This inspired his desire to study the weather, specifically the Sinks up Logan Canyon. He was on one of the first expeditions to explore these cold temperatures. Zane has been studying the Sinks for the last 35 years and continues to explore what makes it so cold. He was present when they got the record low temperature,  $-69^{\circ}\text{F}$ .

He has a company forecasting weather conditions for Agriculture & special events around the world. His more well know clients are Disney, the Superbowl, the Academy Awards, and the Rose Bowl. Call our office today to sign up for one of his classes!

## DR. BRITTAN BARKER— COURSE 138 (JULY 1–5 1:30PM)

Dr. Brittan Barker is an assistant professor in the Division of Audiology within the Department of Communicative Disorders and Deaf Education here at Utah State University (USU). Dr. Barker received her Ph.D. in Speech and Hearing Science from the University of Iowa; she also has an M.S. in Cognitive Psychology from the University of Iowa. She has worked for over 20 years in various university settings—including a clinical research a hospital—with individuals of all ages and types of hearing loss. During the school year, Dr. Barker spends her days teaching future audiologists how to provide hearing healthcare and facilitate effective communication in people both young and old. This summer she is excited to

share her knowledge directly with Summer Citizens who “don’t want hearing loss to keep them out of the conversation”. Specifically, she plans to teach students about how hearing loss works, how hearing loss affects communication (and other activities of daily living), and how to utilize easy communication strategies to improve communication with others (whether or not you have hearing loss). Dr. Barker arrived in Cache Valley by way of south Louisiana in the summer of 2015. Since then, she and her family have loved all that the Valley and USU has to offer. Dr. Barker looks forward to spending some of your summer in the Valley with you!

# MIDSUMMER ORIENTATION AND MERCHANT FAIR

Be sure to stop by our Mid-Summer Orientation and Merchant Fair! We will have some guest speakers as well as quite a few different businesses from around town! The orientation will be on Tuesday, July 2nd at 2:00 pm, and the merchant fair will be at 3:00 pm. Even if you cannot make the orientation, we would love to have you attend the Merchant Fair! We will be swiping ID Cards at the door. These events are closed to registered summer citizens only.

We recommend that you ride the CVTD Bus to the Taggart Student Center or carpool with a friend and park in the Aggie Terrace! The bus will save you the hassle of having to park as well as drop you off closer than any parking can. If you park in the Aggie Terrace, remember to use the elevators located closest to campus, and go to the level labeled "UL" for University Level. We hope to see you there! Click [HERE](#) for a map of campus.

## HOUSING OPEN HOUSE—FRIDAY, JULY 12TH

We will be hosting a housing open house on Friday, July 12th from 9:00 am—3:00 pm. This is an opportunity to see into some of the Sponsored housing locations for this upcoming year as well as take the opportunity to sign a contract for next summer! Attached to this newsletter is the list of all of the locations and contact information for each of these housing locations. If you want to see more of the amenities each place offers, check out the information either in the Renter's Guide or on our website. Click [HERE](#) to see those amenities or to link to their websites. Attend our orientation on July 2nd as well for more information.

All services performed by students under the supervision of an instructor.

# FUN FACTS TO CELEBRATE AMERICA

DID YOU KNOW....

The average age of the Signers of the Declaration of Independence was 45.

Each year Americans light about 200 million pounds of fireworks!

More hotdogs are eaten on July 4th than any other day of the year. (150 million)

There are around 15,000 Independence Day fireworks celebrations every year.

In 1776, there were 2.5 million people in the US. Now there are over 327 million.

87.5% of imported US flags are from China. 97% of imported fireworks are as well.

The current US flag was designed by Robert G. Heft in 1958 as part of a project during his junior year of high school.

James Monroe was both a Founding Father and a US President, but did not sign the Declaration of Independence.

The stars on the original American flag were in a circle so all the Colonies would appear equal.

The phrase "United States of America" was officially use for the first time in the Declaration of Independence.

The tune to the National Anthem was originally used by an English drinking song called "to Anacreon in Heaven."

The United States does not have an official language, but it does have nine National Songs!

Every 4th of July the Liberty Bell in Philadelphia is tapped (not actually rung) 13 times in honor of the original 13 colonies.

Think you're a history buff? Try your hand at these quizzes on the American History.
