## HAPPY NEW YEAR!

We hope this newsletter finds you all healthy and happy! As we look back on the year that was 2021, we are grateful we were able to host so many of you in Logan for a successful summer program. Autumn here was warm and beautiful until a surprise snowstorm in October that brought down many tree branches still loaded with leaves. We had to wait extra long for winter snow to finally arrive in northern Utah and this past week it finally made its appearance with back to back snowstorms which will do much to help the drought conditions of the past year. We hope you all enjoyed the holiday season surrounded by family and friends. And now it is time to look forward to 2022!
