

# THE SUMMER SCOOP

Summer  
CITIZENS  
*Logan, Utah*

February 2021

## Happy February!

Brrr....We've made it through January here in cold, wintery Logan. We haven't had many huge snowstorms but we did get one over these last few days and it is providing some beautiful views! At this time of year, we are usually back from our trip to Arizona, but this has not been a usual year and we are still coping with the

Coronavirus. We wish we could've been there in person to connect with friends and meet new people! We've been waiting for conditions to improve enough that we could make a definite decision to move forward, but that is not the case yet.

The brochure will not be printed and mailed this year. It will be posted online once a decision is made. We were planning to do one big Zoom call for the marketing presentations but now are working on an idea to pre-record them and post them to the website.

## USU Commencement 2021 to Include Virtual and In-Person Events

USU will host about 50 in-person college convocation events May 6-7, 2021. President Cockett and valedictorians will participate via video. Events will include a processional, a short program, individual recognition of students, presentation of diploma covers, and a professional photo of each student. Family and friends may attend virtually at <https://aggiecast.usu.edu>

## Biological Engineering Student Shares Research on Capitol Hill

A senior from Gorham, Maine, USU undergraduate student, Kelsey Bradshaw was one of nine USU students — and the only engineering student — selected to present at the Capitol event. Bradshaw presented her research on age-related macular degeneration, which causes patients to lose their vision over time. [Read more here.](#)

## Small Satellite Conference — All Virtual in 2021

The Small Satellite Conference is scheduled for August 7-12, 2021 in a virtual format. You can read a message from the Conference Chair on their website at <https://smallsat.org>

## Picture a Scientist: USU Hosts Virtual Film Screening & Panel Discussion

All are invited to a virtual screening of the independent documentary, *Picture a Scientist*, March 5-7, followed by a panel discussion, via Zoom, on March 8. The screening offers a sobering portrait of struggles women face in pursuing studies and careers in science. Register for the screening and panel discussion by March 2 at <https://biology.usu.edu/outreach/>

## Vintage Market Days of Northern Utah

May 13-15, 2021

<https://vintagemarketdays.com/market/northern-utah/index.php>

Vintage Market Days is an upscale vintage-inspired indoor market featuring original art, antiques, clothing, jewelry, handmade treasures, home décor, outdoor furnishings, consumable yummys, seasonal plantings and a little more. Vintage Market Days events are so much more than a flea market. Each Vintage Market Days event is a unique opportunity for vendors to display their talents and passions in creative venues.

## Summerfest Arts Faire

June 17-19, 2021

<http://www.logansummerfest.com/>

There is a new location for Summerfest this year due to construction at the Tabernacle. It will be held at the Cache County Fairgrounds and Event Center. Patrons will enjoy fine art, great food as well as quality entertainment with headliner concerts each evening. Also featured is a Plein Air Paint Out and photography contest for artists who will create original art around Cache Valley and display their works at the Faire.

## The Cache Valley Cruise In

July 1-3, 2021

<https://cvcacruisein.com/>

This annual event is held at the Cache County Fairgrounds and includes a car show, live concert featuring Leann Rimes on Friday night and a car parade on Main Street Saturday night followed by fireworks. Every year a restored vintage car is given away in a drawing. This year's giveaway car is a 1923 Ford T-Bucket Roadster.
